☛ **Branches of industries :**

- Agriculture
- Food industries
- Quarries
- Mines
- Water treatment
- Public works
- All type of industries

☛ **Some realizations :**

- Pressure vessels
- Frame for press
- Frame
- Conveyor
- Tank untill Ø 6 M
- Framework
- Equipments for water treatment
- Mechanical welding
- Metal floor
- Pressure tank, etc...

The company C.M.C. has a workshop of 2300 m² with a lifting capacity of 15T.

☛ **Means of production :**

- 1 guillotine shears capacity 3000x12 mm
- 1 bending roll, sheet metal thickness 2000x10 mm
- 1 numeric press brake 220 T, 4 M, 5 axes
- 1 plasma MD 200 amperes 2000x4000
- 1 deburring machine
- 2 bandsaws 500x300
- 20 welding machines (MIG – TIG – ACDC – ARC – MIG PULSE)
- 1 paint booth (length 10 m, width 5 m, height 4m)
- 1 notcher
- 1 nibbler
- 2 punching machines
- 5 drill column machines
- 3 drill barrel
- 1 tour
- 1 milling machine
- 1 mortising unit Ø 400 mm
- 2 turning gears
